The values above are a starter list. **Complete these steps.**

1. Add any important missing values that matter **to you** in your life.
2. Circle the 8 values that have the highest priority to you.
3. Of the 8 circled, draw a star near the most important 4 values.
4. Of the 4 starred, draw a second star near the most important 2 values.
5. Write the final 2 values on the scale, then choose the **highest** priority value.
